Water Works Profits Cited in Fight to Keep Hawthorne From Voting for Annexation to L. A.

HAWTHORNE-LENNOX ADVERTISER

That the Hawthorne Municipal Water Works has been a continuing source of profit to the city is shown by the net revenue for the past four years, or since the plant was owned and operated by the city. Within the next year or period of years will be diverted from the people of Hawthorne to the Los Angeles city treasurer in case this city votes to annex to Los Angeles when the question comes to vote September 12.

Press Move to Join Lennox to Inglewood City

HAWTHORNE-LENNOX ADVERTISER

At Monday evening's meeting of the Inglewood city council, a petition signed by 73 residents of Inglewood and Lennox was presented to the council. The document asked that some action be taken for the disposal of the petition filed with the council some time ago and asking that a special election be called in Lennox territory for the purpose of voting on the question of annexation to Inglewood. The text of the petition which is an effort to spur the city council to action on the annexation petition is to the effect that the uncertainty of the situation as to the Lennox annexation is disturbing the peace of mind of the people of Lennox and Inglewood. The council has taken the recent petition under advisement, without any action at Monday's meeting.

Hermosa Taxes More Than Twice Torrance Rates

HERMOSA BEACH REVIEW

All but Councilman Yost were present at Tuesday night's meeting of the Hermosa Beach city council. The most important action of the meeting was the voting of the annual tax rate, which is \$1.49. The budget covers \$61,492.25 for general purposes, \$2,233.84 for music, parks and advertising, and \$20,907.36 for city bonds, interest and redemption, making a total of \$91,623.45.

Mr. and Mrs. F. E. Burk and daughter Helen of Los Angeles were guests of Mr. and Mrs. C. S. Edmundson Sunday.

Mr. and Mrs. George Newell and son George Jr. of Los Angeles were guests at the home of Mr. Newell's parents, Mr. and Mrs. H. S. Lawrence of Redondo boulevard Sunday.

4,000 Volts Pass Through Workmen; Nobody Is Hurt

COMPTON TRIBUNE

To have received a jolt of 4,000 volts of electricity and be alive to tell about it is the experience that befell two workmen employed in placing light standards on West Main street yesterday morning. The men, Fred Benson, 6425 Locust street, Long Beach and Sheridan Weitzel, North Long Beach, were working on a steam derrick placing the heavy light standards in position. At the corner of Oleander and Main the operator slammed the boom in to the power wires above. He was looking directly at the sun and did not see them until too late. There was a tremendous flash and the two men who were standing the standard were hurled insensible to the ground. The ambulance was called and the fire department rushed to the scene with an inhalator. In the meantime first aid was being administered to the men who were soon revived without the use of the apparatus. They were rushed to the Health Center badly shaken up but soon after were sent to their homes comparatively uninjured. "How does it feel to get 4,000 volts?" was asked of Benson. "You do not feel it. I saw the flash but felt nothing. It just knocked me cold. It did not hurt at all at the time although I find my palm is burned and I feel rather shaky now."

Ramage Recall Delayed Again

Postpone Mandamus Hearing in Political Battle in Hawthorne

Another postponement in the matter of hearing of the mandamus of the city council in the calling of the recall election, concerning Councilman Ramage, was the result of another day in court when the clerk of the court made an error in setting the case, the record showing it to be at 10 o'clock, August 20, instead of 2 o'clock as the contestants were notified. At 10 o'clock the case was called and as neither side was in evidence the matter was taken off the calendar. In the afternoon the two sides were present and ready for hearing. When notified of the action of the court the matter was explained and the case brought back on the calendar and set for Friday, August 31. A number of interested citizens were present and were disappointed in not having the case heard. It is predicted in many circles now that with the annexation election so near the recall mandamus will probably not be heard until after that time. In the event this city joins Los Angeles, the council will automatically be retired. If the election decides against annexation then there will be but slight grounds on which to base a declaration of the council in not calling the election, as the petitions were declared sufficient by the city clerk's office after checking. All excuses for not calling it will then be eliminated.

Handicraft Class Is Being Formed. Suggested subjects for evening classes in handicraft work, as outlined by Miss Ada Chase who will have these classes under her supervision, include basketry, reed furniture, lamp shade making, fabric decoration, wood block printing. There are perhaps other kindred subjects in which people, especially the home-makers, are interested. Miss Chase or Mr. Bell, principal of the evening high school will be glad to know the preferences of those who are planning to study this year, so that classes may be arranged.

ACTORIAL LIFE OF HERBERT HOOVER No. 1 By Satterfield

1. Herbert Hoover's ancestors, of Quaker faith, came to America from France and Holland.

2. They became settlers first on farms in Maryland, then moving to North Carolina and Ohio.

3. In 1833 the Hoovers migrated to Iowa, where they and their neighbors founded the town of West Branch.

4. Before clearing the land for their farms, these Quaker pioneers built a Meeting House.
